

DynEd Pro Courseware Installation Guide — Mac OSX

STEP 1

Finding and Downloading the DynEd Pro Mac OSX Installation Files

- Click [here](#) to open the Download page in your browser.
 - Step 1: Click on the **Select your Records Server...** box ① and then choose the correct server to use. (Using the correct server is important, so be sure to ask your teacher which server you should use.)
 - Step 2: Click the **Download for Mac** ② button

How to Download and Install DynEd Courseware without a DVD 

Note:

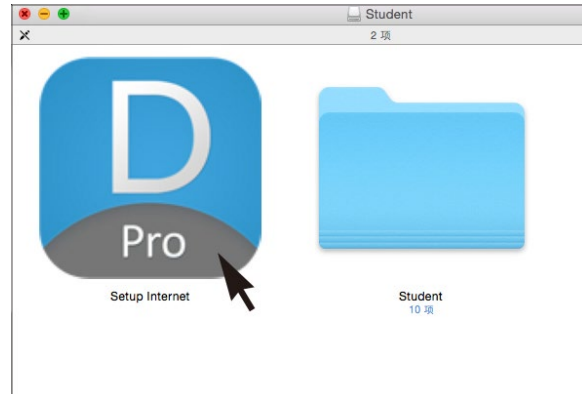

- DynEd courses are very large and could take more than an hour to download depending on your Internet connection ([Download times](#)).
- You will not be able to use this installation unless you have a valid DynEd login ID and password.
- You must have installed QuickTime 7.0.4 or higher. Click [Get QuickTime](#) to download and install QuickTime.

STEP 2 Installing DynEd Pro on a Mac

Double click to open the downloaded student **DMG** file.

Double click the **Pro icon** to start the installation.

Click the **Install** button.

STEP 3

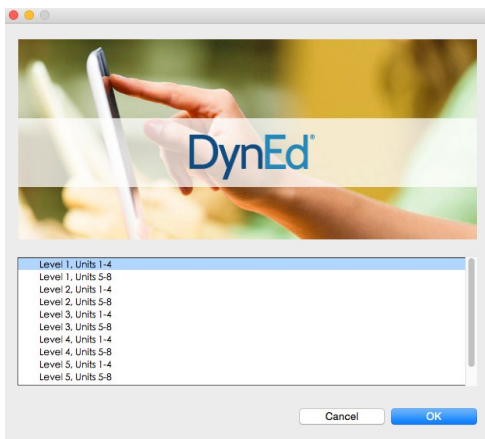

Logging on and Studying DynEd

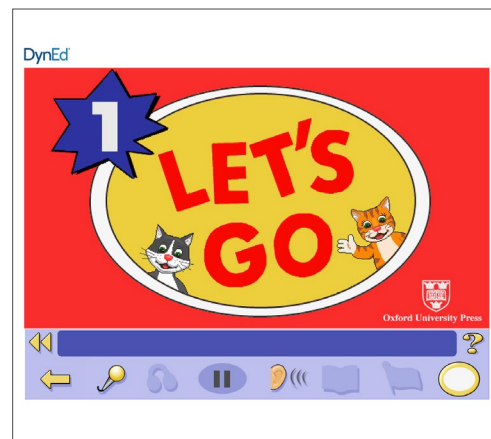

Type in your registered student ID and password.
(Get this from your teacher.)

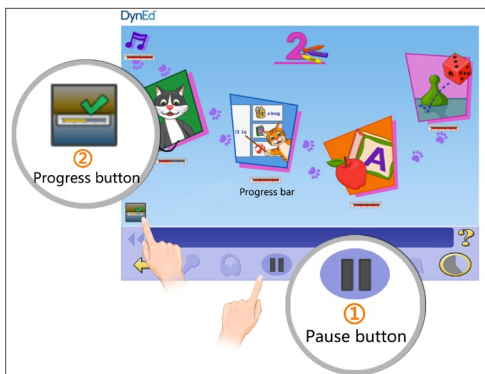

Highlight a course to download and click on **OK**.
Once course is downloaded, double-click to open.

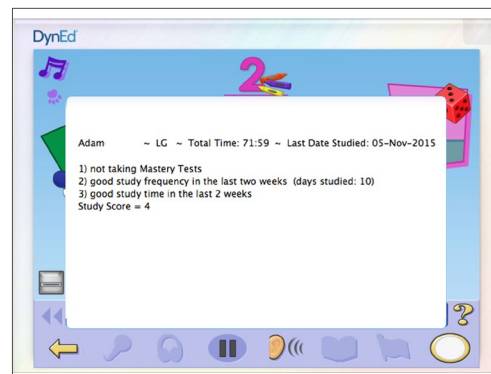

Choose the desired unit...

... and enjoy!

To see Progress bars for each lesson, push the Pause button ①, then hold down the Progress button ②.

After you release the Progress button, the Tutor will show suggestions on how to study better.
